

## ENVIRONMENTAL 36 Virgin PTFE Gasket Sheets

### Product Description

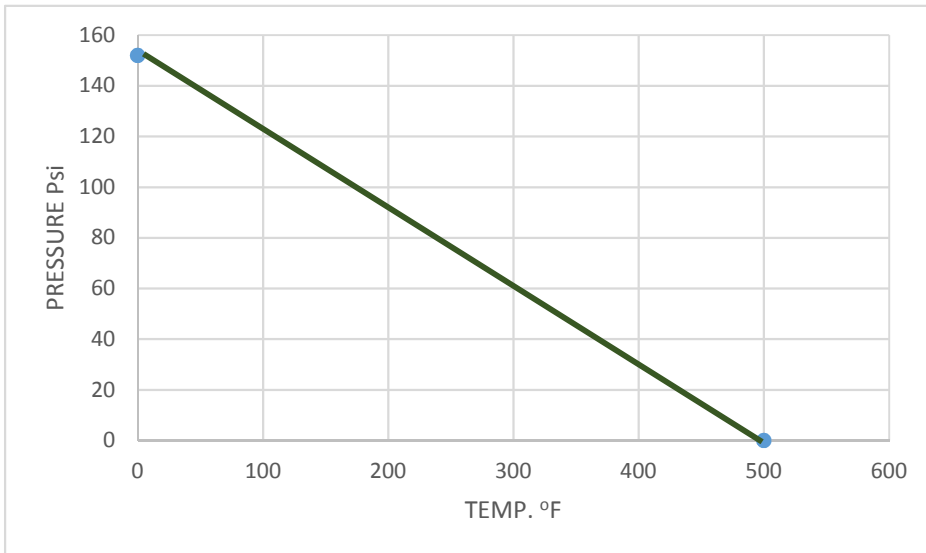

ENVIRONMENTAL 36, Virgin PTFE, is the ideal material for replacing asbestos. It has excellent corrosion resistance and can be widely used in most applications.

ISO 9001 | ISO 14001 Certified

Property	Testing Standard	Value
Density		2.2 g/cm <sup>3</sup> ± 0.1
Tensile Strength	ASTM F152	15.0 ~ 18.0 Mpa / 2175 ~ 2610 Psi
Compressibility	ASTM F36	> 15%
Recovery	ASTM F36	> 35%
Sealability	ASTM F37	≤ 0.06 ml/min
Temp. Range		-200 ~ 260 °C / -382 ~ 500 °F
Max. Continuous Pressure		1.03 Mpa / 149 Psi
